## ABOUT ME

A dedicated and passionate 22-year-old software engineering student with a strong foundation in both front-end and back-end web development. Currently pursuing a Pearson Level 5 Higher Diploma in Computer Science at Lathan EduClassS University. My goal is to leverage my skills and knowledge to become a proficient full stack developer, capable of delivering robust and innovative web applications.

## EXPERIENCE

Front End Developer 2024

Self Employed

Next Moives Website

- Developed a dynamic and responsive movies website as a Front-End Developer, using React, Next.js, Tailwind CSS, and shadcn/ui.
- Integrated The Movie Database API (TMDB) for the website to get movies data.

Backend Developer 2024

Self Employed

Yaycha

- Designed and implemented a social media app using a tech stack that included CSS and MUI for styling, React.js for front-end development, Node and Express.js for back-end development, SQLite and Prisma ORM for database management, and JSON Web Token for authentication as a Full Stack Developer.
- Applied a number of React and JavaScript libraries such as React Query, React Router, and WebSocket to improve the application's functionality and performance.
